

Health Clinics at the AWC 2022 National Specialty

The Whippet Health Foundation will be conducting health clinics in conjunction with the 2022 AWC National Specialty. OFA Eye Certification, BAER and cardiac echocardiogram clinics will be held as well as microchipping and AKC DNA testing. The Whippet Health Foundation will be subsidizing a portion of the per dog cost for BAER and cardiac testing for those dogs participating in the WHF database.

All test results subsidized by and released to the WHF Database will be public record. It is up to you to enter your dog into the WHF database and to provide us with a copy of the test results.
